

Prayer news: October 2021

Thank you for joining with us in prayer for men, women and families affected by homelessness and poverty.

City Centre

- Please pray for our guests who have recently entered rehab. It can be tough to stick it out and there are physical and mental ramifications of detox. Please also pray for those who are ready for rehab and waiting for a bed to become available.
- We are considering how we can tailor our service to suit our guests and maximise our space, while continuing to follow the Government's Covid guidelines. Please pray for creativity and inspiration, and that in all we do our guests would be safe.
- As the days begin to get colder and our whole country is facing rising energy costs, please pray for our guests who already struggle to heat their homes.

Child and Family Centre, Govan

- Please pray for the new families from Afghanistan who are coming for English classes and sewing classes. Due to high demand, we have to cap the numbers so pray that we can accommodate them all.
- Pray that the staff members who are recovering from surgery heal quickly and return to full health. Also, pray for good health for those who are pregnant.
- Pray that the children who have additional support needs in the nursery and the Parent and Toddler groups get the help they need.
- Pray for the coffee morning ladies to grow in their faith and for our men's work.

Overnight Welcome Centre

- With only six weeks to go until we open, please pray for the team as we plan this year's service. There is much to be done, so pray for clear thinking and lack of stress.
- Our staff training takes place in November, please pray that this will go smoothly and that all staff are able to attend.
- We have noticed in the last few years, prior to us opening, that it has been very cold in November. Pray that this November will be mild.
