

## Prayer news: September 2021

Thank you for joining with us in prayer for men, women and families affected by homelessness and poverty.

### City Centre

- We welcome ongoing prayers for the severity of the drug problems in our country. We see drug and alcohol overdoses almost on a daily basis.
- Please pray for new and ongoing links with partner agencies, particularly the Homeless Casework Teams at Glasgow City Council and the Simon Community.
- It is a blessing to have the college classes back in Urban again. Three have now started in-person and one on Zoom. We are very grateful for the volunteers who have returned to help with these classes.

### Child and Family Centre, Govan

- Please pray for Valerie's phased return to work as she recovers from surgery.
- Pray for our clubs - Youth Group, Mini Heroes and Thursday Club as we continue to look for appropriate venues to host them. Pray for inspiration as we deliver new themes each week.
- ESOL classes are starting this week and we have been inundated with enquiries – there are many Afghanistan people with children. Also starting back is our Discipleship group on a Thursday morning. Pray for those attending these classes.
- Pray for the nursery children to continue to settle in.

### Overnight Welcome Centre

- Our Housing Settlement Officers still have two guests they are working with. Both are EU guests with complicated cases; please pray for wisdom in dealing with these situations.
- We have been working with No Recourse to Public Funds (NRPF) guests, so please pray for this work and that we make the right connections to move their cases forward.
- We are presently in the middle of the planning stage for the upcoming OWC, please pray that interviews with prospective staff go well and that our meetings with partners are positive.
