Prayer news: October 2026

Thank you for joining with us in prayer for men, women and families affected by homelessness, poverty and addiction.

City Centre

- Give thanks for the men in Rehab Pathways who are doing well in rehab, and pray that they would continue to grow in strength, perseverance and hope. Pray for those within the Rehab Pathways group who are struggling at this time. Ask that they would know God's peace, support and encouragement in the midst of their challenges. Pray for wisdom, discernment and compassion for the team as they support individuals on different stages of their recovery journey.

- Pray for the Women's Group's planning of Christmas activities and fundraising initiatives for the GCM Christmas Market on the 5th of December. Ask for creativity, good organisation and opportunities to build community and raise support.

- Pray for the women attending the Thursday rehab group, that they would grow in confidence, experience healing and deepen their relationship with God through their recovery journey. Pray that the group would be a place of encouragement, friendship and belonging, where each woman feels valued and supported.

- Pray for the guests who access our food Drop-in, who come for support and to find community and belonging. That the staff can engage them and build relationships easily and quickly. Please pray for our wonderful volunteers and churches who tirelessly serve alongside our staff.

Child and Family Centre, Govan

- Pray for the ladies' Bible study on Friday mornings that we will have authentic times of fellowship as we study the basics of Christianity, as well as having some social time drinking coffee and chatting. We have 3 regular ladies at the moment and praying for others who said they would like to attend, that nothing would hinder them coming along.

- Pray for the youth group for openness, consistency in attendance, and guidance from the Holy Spirit about how to navigate around their learning styles. Pray also for the local churches and an openness from the youth and their families to go along to church at some point in the future.

- Pray for staff health so that we can fulfil every commitment to the programmes and groups scheduled for the children and families.

- Please could you also pray for the families that come to the coffee morning on Tuesdays, as there has been an openness to prayer which we want to build on; we believe that these ladies will have a desire to come to the bible study on Fridays.

Winter Project

- Pray for our recruitment process. Interviews will take place in October. Pray for those applying and interviewing. Each year God brings us amazing people; please pray for wisdom as we hire the team.

- Pray for those at risk of rough sleeping. On 15 October, charities, outreach teams and public services will take part in the city's overnight count, seeking out and supporting those sleeping rough. Pray that doors will open and people will find safety and shelter this winter.

- Pray for a move on in the homeless system. Pray that those in temporary accommodation would move into tenancies and out of hotels. Pray for Glasgow Health and Social Care Partnership and Scottish Government for wisdom as they tackle the housing crisis.
